

Red Sail Sports makes a birthday special for four employees and a service honoree.

Aruban tradition requires a birthday celebrant to bring snacks and cake to work for their fellow employees, but Red Sail Sports prefers to take the opportunity to reward their employees for excellent service.

As is custom, Red Sail Sport General Manager Peter de Hoop hosted a lunch at Tony Roma's in Palm Beach, a spot that all the employees are guaranteed to enjoy. Joining the birthday group from July was Guillermina (Guille) Santana Feliz, who on July 28 marked five years with the company. She began in the Retail Department as a Retail Associate at Hyatt, where she is still doing an excellent job. Her work has been so superlative that she has twice been nominated Employee of the Year, particularly due to the many customer compliments Red Sail Sports have received about her performance.

Enjoying an award lunch with her as she was given a beautiful plaque and bonus for her accomplishment, were Derrel de Palm, dive instructor, Maruja Fornerino, in reservations, Leo Donata of customer transport and Ana Herasme of housekeeping who celebrated birthdays in July.

It was a lovely break in the day for the crew, and for Peter de Hoop, who enjoys taking this time to get to know all his employees. On behalf of the staff and management he thanked Guille for being part of this company and congratulated her once more for her achievement.
